Undergraduate student, GPA 92.

SEP 2010 - 2014
HIGH SCHOOL EDUCATION, "OHEL SHEM" HIGH SCHOOL
GPA 104.83 with five units in English, Mathematics, Biology, and Arabic.

HANDS-ON EXPERIENCE

OCT 2019 – 2021
SHE - CODE
As a member at "She – code" I learn how the Internet works, about front-end development
(HTML, CSS& JavaScript) and industry adopted frameworks.

OCT 2019 - 2021
GOOGLE DEVELOPER STUDENT CLUB
• Member of the first Google Developer Student Club in Israel, with the goal of providing products
for non-profit organizations and equip students with a large variety of technological skills.
• Attended lectures by google experts on best practices and current/emerging technology trends.
• My group and I created Coronabot. An autonomous driven robot that can measure temperature
and heart rate, the robot is capable of identifying patients, approach them and avoid obstacles
while doing so. My role in this project consisted of product planning and development of the web
application on which the data of the patients is presented on.

OCT 2014 – OCT 2016
OPERATIONAL ICT OPERATOR, 371ST BATTALION
responsible of the battalion computers and IT systems, my role consisted of providing a solution in
the event of malfunctions, and to train new soldiers who come to the platoon.
During my military service I took a field training course for field unit commanders at "BAHAD 7"
and in 2015, I was given honors for my role.

VOLUNTEERING

AUG 2020 - 2021
AKIM
volunteer as part of "Akim" which provides support and assistance in all aspects of life for people
with disabilities and their families.

OCT 2017 - 2021
PERACH
volunteer as part of "Perach" where elementary students develop social, emotional and
academical skills with the help of university and college students.

EMPLOYMENT

SEP 2018 - 2021
PRIVATE LESSONS
I teach private lessons for high school and middle school students, preparing them for their
final exams.
